FileForMandamus

Young Husband Is Vietnam War Hero

The 16-year-old wife of a Vietnam War hero Wednesday filed for a writ of mandamus in an effort to enter Canyon Junior High School.

Judy Anderson is asking that a school policy against allowing newlyweds to enter Canyon Schools be set aside and that she be permitted to enroll.

Hearing on the application for mandamus will be held at 9 o'clock Friday morning in the 47th District Courtroom in the Potter County Courthouse in Amarillo. Judge Gene Jordan will preside.

Judy was married Dec. 28, 1966 to James W. Anderson, 21, a West Texas State University student. The couple lives in the Patio Apartments here in Canyon.

Young Anderson is a hero of the war in Vietnam. He holds three Bronze Stars for "conspicious gallantry in the face of the enemy."

He holds the Purple Heart, the Vietnamese Commendation Medal, the Vietnamese Service Medal and the Good Conduct Medal.

He was a paratrooper and holds the Combat Infantry Badge.

Mrs. Anderson alleges she was not in school from midfall semester in 1965 until Sept.

MOTHER'S MARCH chairman, Mrs. Don Vars, left, visits with a neighbor, Mrs. Gene Grabber, in preparation for the annual "mothers march" for the March of Dimes Drive which will be held Monday evening, January 30, in Canyon with a number of local women's clubs participating.

March Of Dimes Drive Slates Mothers March

The "mothers march" for the March of Dimes Drive will be conducted in Canyon Monday night, January 30.

A number of local women's clubs will participate in the march which begins at 7 p.m. with a joint meeting at the Pioneer Natural Gas Building.

Mrs. Don Vars and Mrs. Darrell Munsell are serving as coordinators for the march. Both represent the Canyon Study Club.

"We urge all those desiring to give to the march to leave their porch lights burning on Monday evening," stated Mrs. Vars, explaining that the main emphasis of the drive this year will be to eradicate birth defects through further medical research and support of centers devoted to the study and treatment of children with birth defects.

Approximately 150 mothers are expected to canvass Canyon Monday evening in the "march" according to Mrs. Vars. Clubs expected to send representatives for the march include the Woman's Book Club, the Sue Cite Club, the Canyon Study Club, both chapters of Beta Sigma Phi sorority, the Canyon Jaycee-Ettes and home demonstration clubs of the county.

Marchers will be presented information packets and instructions at the 7 p.m. meeting according to Mrs. Vars.

Additional support for the March of Dimes Drive will center in local businesses, where collection canisters will be placed, and in the elementary schools, where students will be given dimes envelopes.

The "mothers march" in Happy will be conducted tonight, Thursday, with the Happy Jaycee-Ettes in charge.

County chairman for the MOD is Francis Shell.

Rhea Smith Pleads Case With Court

Randall County commissioners Monday did not act on a request from Rhea Smith that the court reconsider and reinstate him as Randall County veterans service officer.

Smith was fired from the job about two weeks ago. Resignation of his assistant, Roland Black, was accepted by the court last week. The court appointed Roy Price, Canyon groceryman, to the office.

Smith talked for more than a half hour protesting his firing. Smith lives in South Amarillo, in Randall County.

"I think you have been fortunate to have someone who knows as much as I do about it," Smith told the court.

"You don't appreciate the things I've done," he declared. "It's a big job and a lot of people's livelihood depends on it. It's the most technical job in the county."

He said Randall County veterans benefits, other than in South Amarillo, last year came to $117,352.

Smith had served as service officer for Potter and Randall Counties since 1946. He said both he and Price applied for the job and that Price has been trying to get it since.

Smith told the commissioners that South Amarillo veterans cannot be served by a Canyon based service officer. He said there are somewhere near 7,000

Suggestions from the realestate group concerning the proposed changes will be forwarded to the commissioners for consideration, Gwyn said.

Also present at the meeting will be Bill McMorries, city engineer.

Gun Safety For Youths

A preview presentation of a Shooting Education Program for boys and girls, ages 7-14, will be conducted Thursday evening, February 2, at 7:30.

Sponsored by the Canyon Jaycees, the "shooting" program will teach youths the knowledge of good gun manners, safety procedures in gun handling and the fundamentals of marksmanship according to Jim Scott, chairman.

The preview, to be held next Thursday night, will include a speech on gun safety by a local law enforcement official and the enrollment of interested youths in the program. Parents are urged to attend the preview meeting.

The shooting program lessons will be taught with B-B guns and targets spaced at 15 feet. All participants will wear shooting vests during the 13 lessons according to Scott.

For additional information on the shooting course interested youths may write Jim Scott, Box 867, Canyon.

Two Seek Reelection

Canyon City Commissioners John Williams and J. Manly Bryan said Monday they planned to run for reelection for places four and five respectively.

Dr. Bryan will be seeking his second term on the commission in the April 4 elections and Williams has been a council member for 8 years. Williams and Bryan are the only two city commissioners whose terms expire this year.

City Commissioners Monday set the election for April 4 and appointed Mrs. Dewey Foster election judge.

To qualify for city commissioner, the candidate must have been a resident of the State one year, county resident six months, a property owner in Canyon, and owe no delinquent city taxes.

Deadline for filing for the two commission places is March 3 which is 30 days prior to the election.

Intruder Is Routed By Woman

A Canyon housewife confronted a prowler in her home shortly after midnight Friday and frightened him away.

Officers said they have been unable to connect this incident with the rape of an 18-year-old college girl here last week.

Canyon Police Patrolman Roy Adams said he had seen a man matching the prowler's description in the area shortly before the incident was reported.

Adams said he spotted the man from a distance of some two blocks and attempted to apprehend him for routine questioning.

The man apparently slipped into the woman's home when Adams approached the area.

The woman said she heard a noise at the rear door of her home but thought it was her husband returning from work.

"When he didn't turn the light on," she said, "I became suspicious and got up to investigate."

She said the man was about six feet tall and was dressed in a brown leather jacket and matching trousers.

"He was standing with his back to me in the kitchen and I asked him what he wanted," she continued. "He didn't say anything--he just walked slowly into my two children's bedroom and stood there shifting from one foot to the other in the

Kiwanis Honor

SHERIFF L. S. 'SLIM' JOHNSTON, right, was awarded a plaque as an "outstanding citizen" by the Canyon Kiwanis Club at a recent meeting of that civic club. The presentation was made by Elton Cox. Johnston has served as county sheriff for a period of 14 years.

Third, Fifth Made 1-Way

A resolution making Third and Fifth Avenues one-way for traffic was passed by City Commissioners Monday by a 4-1 vote.

Third Avenue, from 17th to 23rd, will be a one-way going west, and Fifth Avenue, from 17th to 28th, will be converted to one-way east-bound traffic.

After meeting with a dozen business men and property owners on Fifth Avenue, the council rescinded last week's resolution that would have made Fifth Avenue a one-way going west.

Commissioner H. R. Fulton, Jr. voted against the resolution because he said he felt the objections raised by the business men should be considered.

"I think we need one-ways," said Mayor Paul Lindsey, "until two or three years when the streets can be widened."

Commissioners had earlier discussed a "bottleneck" of traffic east of 23rd St. caused by West Texas State University students parking on both sides of Fifth Avenue.

"I think we need restrictions on parking", said H. V. Anderson, "but my understanding was that most of the complaints came from east of the highway."

George Heath commented if Fifth Avenue were made a one-way it would create a problem in moving farm equipment out of the city east and south. Heath is a farm machinery dealer.

Dr. Duane Guy History Head

Dr. Duane F. Guy, associate professor of history and a member of the faculty since 1958, will become professor and head of the department at West Texas State University Sept. 1, President James P. Cornette has announced.

Dr. Guy will succeed Dr. Lowell H. Harrison, who has resigned to accept a post as research professor of history at Western Kentucky University.

With the resignation of Dr. Harrison, President Cornette said that the work of divisional chairmen will be assumed by the Dean of the College of Arts and Sciences. Dr. Harrison has been chairman of the social sciences division, and the other two remaining divisions, sciences and humanities, are headed by Dr. Robert C. Busteed, head of the biology department, and Dr. A. K. Knott, head of the English department.

"When the divisions were set up a number of years ago, they were the primary administrative organizations for the institution," Dr. Cornette said. "We have since reorganized into the schools of Teacher Education and Business and College of Arts and Sciences. The divisions had been reduced to the three remaining in the College of Arts and Sciences, and they

Boy Scouts Aid Needy

Some ten needy families in Canyon received toys during Christmas through a project started by a group of Boy Scouts.

The boys, all members of the Canyon Scouts Order of the Arrow, collected, painted, repaired and distributed the toys to the needy families.

They also distributed toys to orphanages in Portales and Hobbs, N. M. and at Whiteface.

Mike Brannum, spokesman for the group, said the Scouts wished to thank all the Canyon merchants, residents and Girl Scouts who aided in the project.

Girlstown Aided By JC Drive

Canyon Jaycees voted to serve as community co-ordinators for "aid to Girlstown" projects at their meeting Tuesday night in the Green Room of the West Cafeteria at West Texas State University.

Named to head the drive were Weyman Brown and Carl Miller, both of whom were among those Jaycees attending a tour of the girls home last week end. The school houses some 60 girls and it is reported that a mimimum of 20 needy girls are rejected by the facility each week due to lack of space and funds.

The Jaycees are currently

R. Stanley Lair Fatally Injured

Young people of Canyon and Amarillo lost a great friend Monday with the death of Robert Stanley Lair, who also was a member of a pioneer Randall County family.

Mr. Lair was found dead in his automobile Monday afternoon at the gate of a field belonging to his brother, Tommy.

The property is 2 miles north and 10 miles west of Happy. The body was discovered by Tommy about 3:45 o'clock when he investigated the car which had been parked at the gate of his field most of the afternoon.

Tommy saw a car pull up to the gate about 1 o'clock Monday afternoon but was plowing so far away that he did not recognize it as Stanley's. Shortly before 4 o'clock he put his tractor in the barn and went over to the car where he discovered the body.

He went to the home of a neighbor, Ervin Davis, and Davis called authorities.

Investigating officers said Mr. Lair was in the front seat of the car and a bolt action, single shot .22 caliber rifle was lying by him. He had been shot once in the forehead.

Officers have ruled out the possibility of foul play. No coroner's verdict was available

WT President Wants Funds Restoration

President James P. Cornette will appear before the House Appropriations Committee Friday to seek restoration of a special request for funds to operate the Killgore Research Center at West Texas State University.

He will also present WTSU's case against heavy cuts in the University's proposed budget for the 1967-69 biennium. The Governor's Budget Board and the Legislative Budget Board have trimmed the proposed budget of $12,400,017 by nearly $4 1/2 million.

The University requested $243,800 as a special item for operation of the Killgore Research Center for the next two years; this was in the same manner that the Legislature appropriated $129,600 for the current biennium, Dr. Cornette said.

"Apparently there is some misunderstanding," Dr. Cornette said. "They had in mind that the research center would be taken care of through the

He was a dedicated youth leader and teacher and in my opinion "Teacher" is one of the most honorable titles in this universe.

I have just returned from San Antonio where the mid-winter gathering of Texas Press Association was held.

Concensus of small town newspaper people is that the Kennedy image was hit a staggering blow by Manchester's book, "The Death of a President."

If Bobby Kennedy ever had any idea of carrying Texas in a Presidential election he can forget it.

"The Kennedys just plain hate us," declared one publisher.

"My picture of Jaqueline has completely changed," said another.

Bobby, in the biggest grandstand play in history, has loosed a boomerang and I think it's going to take a few teeth (Bobby's) when it comes back to him two or six years hence.

1, 1966 because of illness.

When she returned to school she attended Sam Houston Junior High School in Amarillo. She is a ninth grader. After her marriage she moved to Canyon with her husband.

She alleges she applied Jan. 5 for admission to Canyon Junior High School. Her application, she said, was made to Principal Easton Wall.

She alleges she received from Wall Jan. 7 a letter setting forth Board policy: "According to the policy of Canyon School, students who marry during the school term must withdraw from the school for the remainder of the school term.

Mrs. Anderson's petition alleges that the letter was signed by Principal Easton Wall. She says she visited Wall again Jan. 16 and again was denied enrollment. According to the petition, she applied to School Supt. Huelyn Laycock and was likewise denied.

She alleges she appealed to the school board Jan. 17 with the same results and that having exhausted all other means at her disposal, she applied for a writ of mandamus.

The application states that Mrs. Anderson is not pregnant at this time.

It further states that the school board ruling is arbitrary, capricious and damaging to the plantiff.

Mrs. Anderson was accompanied by her husband and her husband's parents, who live in Amarillo, when she appealed to the school board.

Mrs. Anderson is represented by Walter Wolfram, Amarillo attorney. The school is represented by A. W. Lair.

"This will be a pilot case," Lair told board members last week. "I'm afraid the court will rule against you."

Eckhardt Resigns

Mrs. Edith Eckhardt, public relations representative for the Panhandle Heritage Foundation, sponsors of "TEXAS", has resigned.

Her late husband, Oscar Eckhardt, was a football player at WTSU and later coached at the University of Texas.

Following the death of her husband on his ranch near Victoria, Mrs. Eckhardt returned to Canyon and Amarillo to work in interior decorating and preparing radio broadcast information.

She joined the Foundation in 1961 when the organization began a fund raising campaign.

Mrs. Eckhardt will move to Austin.

Conference Prospects Are Bright For WTSU

West Texas State University officials and leading area businessmen convened in Amarillo Tuesday and discussed plans for hosting four universities for the purpose of organizing a major NCAA athletic conference to include West Texas State University.

The organization meeting will be conducted in Amarillo, Feb. 6 at the Downtowner Motor Hotel. The meeting is expected to begin at 8 a.m. It is estimated that as much as a day and a half will be required to settle all the business matters.

Joe Kerbel, West Texas State University's head football coach, told the delegation, "Within the next two weeks we have a monumental amount of work to do in polling the attitude of the four founding schools on various planning matters."

Frank Kimbrough, West Texas State University director of athletics, began contacting the schools Wednesday morning.

In other business considered to be of comparable importance, the boosters made plans to accelerate the 1967 ticket drive. Goal of the drive is to sell 10,000 season tickets. The drive is concentrated in 15 Panhandle cities with a local chairman in each city.

One of the catalysts behind the ticket drive will be Buffalo Follies, a variety show, which has been booked in each of the cities. The Follies will be directed by Mrs. Bob (Dixie Dice) Watson. Mrs. Watson, whose Dixie Dice Dancing Troupe's played before capacity Panhandle audiences has come out of retirement to organize and direct the show. Two Buff Cagers Fail Scholastics

Two West Texas State University basketball players have been declared scholastically ineligible to compete in the second half of the season.

The players, starting forward Jerry Cooper from Borger, and Gary Sikes, the Buffs first reserve from Pampa, will remain in school to try and re-establish eligibility during the Spring Semester.

Cooper, a 6-4 sophomore, was the Buffs third leading scorer with a 9.6 scoring average. Sikes, an outstanding defensive performer, has seen action at both forward and guard for the Buffs this season. The 6-3 sophomore carried a 4.1 scoring average.

Loss of Sikes and Cooper reduces the original Buff traveling squad of 13 players to 10.

Ron Gardner, a starter on the 1965 team, had to give up basketball this season because of migrain headaches. Vern Furlow, a top inside reserve from the 1965 team and an early season starter, was sidelined with mononucleosis and tonsilitis after the second game of the season. Furlow will be out indefinitely.

Mr. and Mrs. Brad Castleman and children visited in Lampasas during the week end with her father, Leonard Procter.

Washington Is Honoree

Texas Panhandle football player of the year honors have been awarded to West Texas State's Hank Washington by the Texas Panhandle Sports Hall of Fame.

Washington will be honored along with other players and coaches of the year in football, basketball, track, tennis, baseball, and golf at the annual awards presentation of the Hall of Fame at 2 p.m. Sunday at the YMCA in Amarillo.

Washington rewrote all Buffalo passing records, both season and career, although he only played two years after transferring from Los Angeles Junior College.

Levelland Defeats CJHS Team

Canyon Junior High School's Ninth Grade boys fell in the opening round of the Plainview Tournament to Levelland, 52-29.

Larry Robinson led the Canyon team in scoring with 14 points.

"Robinson and Calvin Yarbrough did a good job rebounding," acknowledged Caoch B.B. Kendrick.

PAM STERNENBERG is closely guarded by a Tulia Hornette as she works her way inside enroute to a 17-point production Tuesday night at CHS Gymnasium. Canyon fell in the battle of the district co-leaders 47-39.

Mr. and Mrs. Pat Davis and Kerry Rogers spent the week end in Santa Fe, New Mexico.

The Carl Miller family spent the week end at Maple visiting with her parents.

NM State Rips Buffs 87 To 68

BY JON LOW

The battered Buffaloes of West Texas State fell into a cold shooting streak against the New Mexico State Aggies in Buffalo Fieldhouse Monday night and went down to an 87-68 defeat.

The Buffs lost 128 to 103 to the Oklahoma City Chiefs here last Friday night. The fantastic shooting of 6-1 guard Gary Gray sparked the chiefs to victory. Gray, who is indeed a full-blood Indian, practically wore off the nets as he bombed in 55 points.

New Mexico State, the nation's tenth-ranked defensive team, justified their high rating by allowing the Buffs to connect on only 34.6% of their shots from the field.

West Texas held brief leads of 1-0, 10-7, 11-10, and 13-12 early in the game before the Aggies went ahead to stay with 11:48 left in the first half on a jump shot from the corner by Ernest Turner.

New Mexico State led at the half 42-29.

Only two Buffs hit double figures in scoring, while the Aggies had six.

Mike Mitchell was 10-for-10 at the foul line, and ended the game with 24 points, but was guilty of committing 10 turnovers to NMSU.

Mickey Fitts pitched in 13 points for WT, and was followed in scoring by Derrith Welch with eight, Dale Morris and Jim Neilsen with seven each, Val Franklin with four, Gary Sikes and David Nowlin with two each, and Jerry Cooper with one.

West Texas strongest point in the game was in four shooting, hitting of 91.4% of their charity tosses. The Buffs are ranked 13th in the United States in free throw accuracy.

Fitts led the West Texans in rebounding with eight, although the Aggies won the battle of the boards 39-30. Cooper grabbed six caroms, and Welch and Neilsen had four each.

NMSU stretched its lead all the way to 27 points at 82-55 with 4:29 left in the game, but the Buffs rallied somewhat to close to within 19 points by the game's end.

Tucker was the Aggies' top point-producer with 21 points, as his team had a 50.8% accuracy mark from the floor. The visitors were successful on 63.6% of their free throws.

Significant in the loss for West Texas was the fact that the Buffs turned the ball over to New Mexico State 23 times on errors, while the Aggies committeed only 13 turnovers.

The Buffalo Award was given to Nielsen. The 6-10 sophomore hit two of four field goals and three of four foul shots for seven points and grabbed four rebounds.

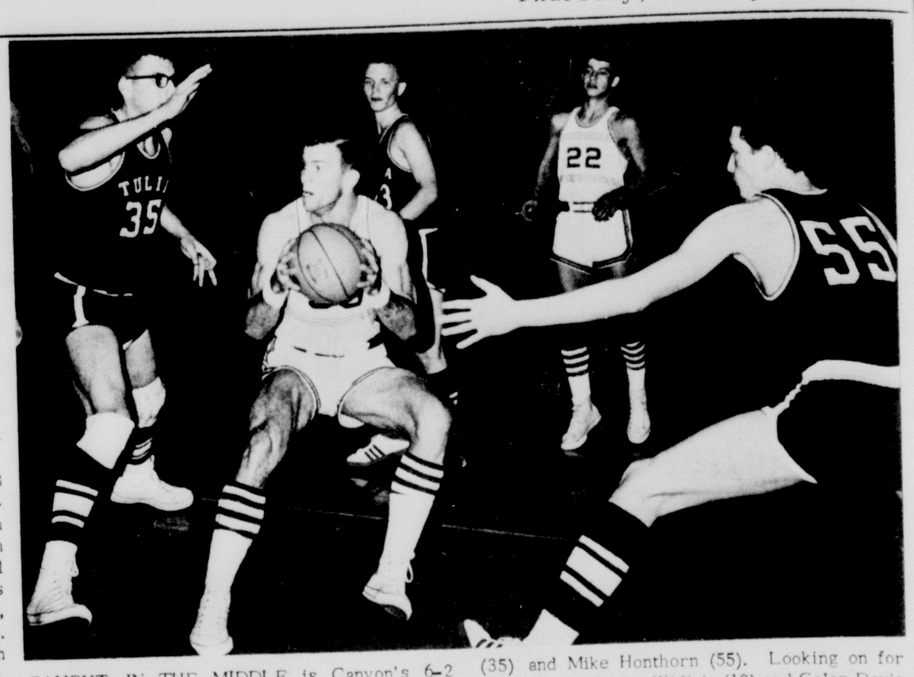
Eagle Teams Beat Dumas

The varsity and 'B' team boys of Canyon High School swept to twin victories over the Dumas Demons in Dumas Friday night.

The varsity kept their perfect district record intact by dropping the Demons 65-39, while their 'B' team counterparts also won 63-43.

The Eagles ran their district mark to 4-0 in their "best defensive showing of the year" according to Coach Tom Buchanan.

Joe Moore was high point man for Canyon with 21 points. Mike Barnes netted 12, Richard Gardner seven, and Howard Gidden six. Eagle scoring was completed by Ricky Widick with five, Jack Swatzell, Robert Olsen and Don Howard with four each, and Andy Moreland with two.



CAUGHT IN THE MIDDLE is Canyon's 6-2 Joe Moore as he comes down with a rebound between two 6-5 Tulia Hornets, Oran Watson (35) and Mike Honthorn (55). Looking on for Canyon are Ricky Widick (12) and Galen Davis (22).

Hornets Sting Eagles Twice

BY JON LOW

Tulia applied a serious sting to the district championship hopes of both Canyon's boys and girls teams by taking a 55-47 boys win and a 47-39 girls victory.

Both games broke temporary ties for the loop lead, as both boys teams were 4-0 and both girls teams 2-0.

Canyon's girls put up a good fight against the powerful Hornettes, but could not cope with the antics of Tulia's fabulous Freida Rousseau. Rousseau canned 41 points and bounded like a kangaroo after rebounds.

Canyon got good performances from Carolyn Wieck, who pulled down nine rebounds, and her twin Marilyn, who executed five steals. Pam Sternenberg tossed in 17 points and Pam Richardson got 13. In one stretch, Richardson scored nine points in a row midway through the second half, but Tulia continued to score and stay out of reach.

The Eagle boys jumped to a quick 6-1 lead in their tilt, but Tulia came right back to take a 7-6 edge. Canyon held commands of 8-7 and 10-9 before tying the count at 12-all at the end of the initial quarter.

Joe Moore then sent the Eagles back into the lead for the last time at 14-12 with a brilliant twisting fall-away jump shot with 6:20 to go in the second period.

Canyon stole the ball on numerous occasions in the first half, but there seemed to be a lid on the basket as the Eagles were unable to capitalize on their opportunities.

The Eagles hit a woeful 23% of their field goal attempts.

Richard Gardner arched in 14 points and was especially sharp on his corner jump shots. Joe Moore and Ricky Widick added 11 points each, and Galen Davis scored six for the Eagles.

Gardner led the rebounders for Canyon with six.

Canyon thoroughly drubbed Tulia in a boys 'B' game preceeding the varsity tilts.

Canyon hit a sharp 59% of its field goal efforts as Jack Thrasher, Lon Conner, and Dennis Pearson scored 23, 13, and 12 points respectively.

Coach Wayne Turley commended Billy Swain for a "real fine job on defense," and Pearson aided the defense with 10 rebounds.

Cats To Visit Next Tuesday

West Texas State will seek to avenge a 68-61 loss to Abilene Christian when the Wildcats visit Canyon Tuesday night at 8 p.m.

The Buff-Wildcat tilt will be preceeded by a game between the West Texas Freshmen and Graham Plow.

Stompers Split With 2 Games

The West Texas State Stompers split two games during the week to bring their season mark to 5-5, as they narrowly lost to South Plains 103-99 and dumped Graham Plow 87-73.

Three Stompers scored in double figures in the loss to South Plains. Johnny Burkhalter scored 24, and Mike Kimmins and David Cole collected 22 each.

In the 87-73 conquest of Graham Plow, three men again scored over 20 points. Cole popped in 23, Burkhalter had 21, and Mike Horton added 20. Others in the scoring act were Larry Fields with 10, Ricky Bacon with nine, and Kimmins with four.

Against Graham Plow, the Stompers hit a sharp 54.7% of their shots from the floor.

veterans in South Amarillo.

The court two weeks ago Monday voted to quit paying Smith and to pay the salary of about $180 a month to Price.

"I've been around a long time and this is the first time I've ever been fired," said Smith, "and I want to know why. This has come up several times before and I was always notified. This time I wasn't."

Smith said he filed nine claims Monday morning for Randall County veterans and then straightened out one "fixed up" by Price.

Smith took Commissioners Bill Butler and B. R. Jones mildly to task. He said they are responsible to South Amarillo people "and I just can't see how you can vote this way."

Butler asked Smith to supply him with figures on his Randall County case load. Smith said this would be forthcoming in the near future.

"I like the work and I'll do it any way," Smith declared.

Several letters favoring Smith were read to commissioners last week. Judge Lloyd King was asked to bring letters supporting Price to the court's next meeting which will be a week from next Monday.

In other business, Judge King told the court he had investigated the possibility of sharing a juvenile probation officer with Potter County. He said Potter officials are not interested.

The field of applicants for county juvenile probation officer Monday had been narrowed to two, Meade Michael and Joe Frank, both of Canyon. Judge King suggested that a juvenile officer be hired on a half-time basis for $3,000 a year, plus mileage.

Members of the court voted unanimously to allow the Umbarger Volunteer Fire Department $25 a call for answering rural fire calls.

The court voted to purchase two calculators for the county tax office at $45 each. The calculators are being purchased from Amarillo Office Machines.

B. R. Jones was authorized to negotiate for the moving of some fences to provide room for some passing lanes on South Washington.

The court voted to purchase 76 rolls of Xerox copying paper for the county clerk's office at a price of $3,108.40. The court also agreed to purchase chemicals from Xerox.

Commissioners Clarence Beckman and Glenn Dowlen discussed with J. Lee Milligan the possibility of stockpiling some caliche from the county's caliche pit. Milligan is an Amarillo contractor.

"I would say that 80 per cent of my business comes from the north--that's all blocked off now," said Charlie Graham, groceryman. His store is at Fifth and 23rd Street.

In answer to another complaint about students parking in residents driveways, Lindsey explained that Canyon Police could have the automobiles moved, but that nothing could be done concerning parking on public streets.

"We can't move the college," Lindsey declared.

"I'm for those kids and that school but something can be worked out without penalizing some of us," said W. R. Crow, groceryman on Fifth.

Graham commented he too was for WTSU, but that he thought parking on one side of the street would solve the problem.

When Commissioner J. Manly Bryan asked how many of those present would favor widening Fifth Avenue, all answered in the affirmative.

After talking with Joe Gidden, who is promoting an industrial foundation for the city, the commission agreed to give $10,000 to the project over a five-year period.

"After research on the matter," said City Manager Gary Gwyn, "our best bet is in the form of an industrial foundation."

Gidden explained that the foundation would have a charter, by-laws, capital funds and board of directors.

The board, he said, would be composed of those contributing to the foundation fund.

Gidden said he had secured pledges of some $30,000 and that he planned to contact 86 other businesses and individuals to participate in the foundation.

Gwyn said the city's contribution would come from the water and sewer fund.

The council also tabled a proposal for stop signs for 11 intersections on Fifth Avenue.

Those streets to have stop signs include College, 25th, 22nd, 21st, 19th, 18th, and Conner, Taylor, Foster, Lair and Thompson Lanes.

Commissioners also agreed to spend about $500 for furniture to be used in the annex and at City Hall.

Included in the purchase will be 16 chairs and a vacuum cleaner.

Riley Troth, Canyon businessman, was appointed as a member of the Canyon Housing Authority. His term will run until Dec. 1, 1968.

City dads also agreed to pay Canyon volunteer fireman John Guthrie $90 for a plectron warning unit he had purchased.

Future commission meetings will be conducted in the City Hall Annex.

wards: Gene McGlasson, Jr., annual banquet; Charles Allen, parks and recreation; Gene McGlasson, Jr., legislative; Dr. Burwell Southern, budget; Jo-Zach Byrd, agriculture; and C. E. Thompson, business development.

President Southern requested that the committee chairmen submit a program of work and recommendations for the budget to the board of directors before the group's Feb. 27 meeting.

In other business, the Chamber heard a report from members of the Education Committee on their recommendations of work for the coming year.

Those projects planned include:

1. support the effort to establish a school of nursing at West Texas State University.

2. continue to support the Merit Award Plaque for high school seniors at Canyon High School,

3. support a banquet for new faculty members added to the 1967-1968 staff of the Canyon Public Schools and WTSU,

4. support the recruiting efforts of WTSU by making available funds to pay traveling expenses of university personnel that are invited to visit high school seniors,

5. support and promote the Public Schools of Canyon in every way possible that will enable them to meet their projected needs, especially in the area of providing physical facilities,

6. assist the Amarillo Chamber of Commerce by supporting the 1967 WTSU Coaching Clinic which will be held March 10 and 11,

7. propose that the manpower resources of the Chamber of Commerce be made available to any organization or groups of people wishing to promote the schools of Canyon.

regular appropriation for the university."

The increase for the Killgore Center is justified because the program of research there has started full operation, and there will be natural increases in expenditures, Dr. Cornette said.

The original requests for the University for the next biennium were based on a formula furnished by the Coordinating Board, College and University System. The formula suggested budget requests based on projected enrollment during the next biennium. The budget boards have based budget needs for the institutions on enrollments "from two to three years old," Dr. Cornette said.

"Under this plan, our budget will be based on our needs of two years ago, rather than on the increase in enrollment that we can logically expect," Dr. Cornette said. "Our enrollment has increased about 60 per cent in the last three years."

He said that WTSU is one of the top institutions in the state from the enrollment increase standpoint, and that the use of the old formula will decidedly hurt the University.

"It will hurt the institutions whose enrollments have been increasing rapidly much more than those whose enrollments are fairly stabilized," Dr. Cornette said.

The special item request for the Killgore Research Center was included in the budget proposals sent to the special budget boards in Austin, Dr. Cornette said. Apparently the two groups felt the item should be in the University's general request, and has not appeared as a separate item, he said.

Biennial requests for the Panhandle - Plains Historical Museum will also be presented Friday by C. Boone McClure, director. He said the request for 1967-69 would be about ten per cent higher than for the last biennium.

SICK BABIES ARE RESEARCH PROBLEMS

Unfortunately babies can't talk and tell their physicians where the pain is or just what is troubling them. The best they can do is cry a distress signal.

Physicians use their senses of smell, touch, sight and hearing very expertly. Guided by experience and some times aided by X-ray and diagnostic tests, they diagnose the cause. When medication is needed we can fill any prescription.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

The two girls were enroute to visit friends in Amarillo when the accident occurred.

The car was said to have been demolished and about $10,000 damage done to the train.

The sisters were taken to Northwest Texas Hospital in Amarillo for treatment.

PEP Program Is Held Here

Some 25 residents of Randall County attended a Panhandle Economic Program planning session last week in the Farm Bureau Building.

Jim Murphrey, farm management specialist with Texas A&M Extension Service, was present to give the group leaders some suggested areas of emphasis for the program that might be of value to the economic development of the county, said John Brazzil, County agent.

Basis for the recommendations was a recent survey of resources made in the 26-county Panhandle area, Brazzil stated.

It is expected that several committees will be formed in Randall County and will involve leaders of several organizations now active in economic development.

The future growth of the county will be stressed, Brazzil said.

No date for the next PEP meeting was scheduled.

Even the ash tray rides smoother in Chevrolets

When you're down at your dealer's trying out a new Chevrolet, be sure you pull out the ash tray. Notice how nice and easy it glides, never hanging up or even scraping. The reason is, it rides on ball bearings. Four shiny little ball bearings. (Take the tray all the way out and you'll see them.) You say you don't even smoke? Then look at it this way. That ash tray is a symbol of the way we make cars: Paying extra attention to the little things as well as the big ones, as a way of making extra sure your '67 Chevrolet gives you

It's a bigger bargain today than ever before

Your telephone gives you more for your money today than at any time since Mr. Bell invented it.

Pretty big statement. But it's true.

There are more telephones in more places today than ever before. Two hundred million in the world; four million of them here in Texas.

On the average, there are more than twice as many telephones in each of our Texas exchanges as there were 20 years ago. So it figures you can reach more people, get more things done by phone than ever before.

And what about Long Distance rates? They've been going down while the cost of almost everything else has been climbing up. There've been 10 Long Distance rate reductions in Texas since World War II.

Another thing. The quality of service has never been better. Today's phone users can talk as though they were four feet apart. Back in the early 1930's, it was 35 feet.

Better service to more places at lower cost. We think that's a winning combination.

A special performance by the Paschal High School stage band, under the direction of Hewitt, is scheduled for the lunch hour. His band won the national championship stage band competition last year.
